

Dear colleagues,

In the procedure for subscription of shares from the capital increase of Eurohold Bulgaria AD there is no special form (application) to be signed by the end customers. The subscription of shares by the clients is carried out by a standard order for purchase of financial instruments in form and content in accordance with the requirements of the current legislation on the activity of investment intermediaries and in accordance with the internal requirements of the investment intermediary and the Prospectus for public offering of shares from the capital increase of Eurohold Bulgaria AD.

Each investment intermediary, where a client submits an application / order for subscription of shares against rights, performs identification and comprehensive inspection of the client, including, when necessary, extended comprehensive inspection of the client, in compliance with the provisions of AMLMA, IRAMLMA and MFIA and the secondary legislation thereunder. In this regard, each investment intermediary, to which an application / order for subscription of shares against rights has been submitted, is responsible and monitors compliance with the requirements of AMLMA, IRAMLMA and MFIA and the secondary legislation thereunder on customer identification and comprehensive inspection. All documents regarding the subscription of shares against rights remain and are stored in the archives of the investment intermediary that received them.

The Document for the offered securities describes the minimum requirements for the content of the application / order and of the identification documents. There are no specific requirements other than those set out in the regulations.

Immediately after accepting an application / order from a client, the respective investment intermediary submits to Central Depository AD an order for blocking the exercised rights on behalf of the client and notifies about the received application / order Euro-Finance AD. Upon receipt of the notification under the previous sentence, Euro-Finance AD shall immediately submit to Central Depository AD a counter-order on behalf of Eurohold Bulgaria AD for final blocking of the rights exercised under the application / order.

A sample Notification for received application / order for registration can be found on the website of Euro-Finance AD.
